Chair:

Tuberculosis Eradication from the Colonial Period to Decolonization in Indonesia
Ardhana Reswari, Gadjah Mada University

From Tuberculosis to Respiratory Medicine: The Historical Development of Pulmonology in Indonesia
Agus Dwi Susanto, University of Indonesia

Rat and Zoonosis Cases in Gunung Kidul: Study on Collective Memory of Health Issue
Martina Safitri, State Islamic Institute of Surakarta

Saturday, 30 June 2018

Excursions
10.00 – 12.00 Visit to the Museum of National Awakening
This museum is housed in the buildings of the former Batavia Medical College (STOVIA), where a group of medical students led by Sutomo founded Budi Utomo, the first Indonesian nationalist movement in the Dutch East Indies, in 1909.

12.30 – 15.00 Visit to the Eijkman Institute of Microbiology
This well-known research institute is located in the building where, from 1919 to 1942, the Medical Research Laboratory was housed. It has a historical library as well. We will tour the building and hear about the research that is conducted there.
